WORK EXPERIENCE

Senior Full Stack Engineer

D-SOL Media Inc. - Burlington, Ontario Canada

Jan 2014 - Sept 2018

- Built and managed complex projects with Wordpress, Shopify, HTML, SCSS, Angular, Ionic, Bootstrap and other technologies from start to finish
- Translated requirements into polished, high-level designs
- Developed customized Wordpress and PHP Applications
- Collaborate with cross functional teams (designers, developers and product managers/owners) to provide consistent UI components, patterns and layouts

TinkerTech - Tech Startup Company

Role: Founder & Lead Developer

2017-2019

TinkerTech is a software development startup in the Philippines founded by me and two other partners with the vision of bringing the digital world and all its benefits to local businesses and create an environment that can rival any digital business landscape in the world in the Philippines.

Frontend Designer / Wordpress Developer

Edgetekk, LLC - Amherst, Ohio

June 2011 - December 2013

- Built and managed complex projects with PHP/MySQL, Wordpress, Joomla, HTML/CSS, Bootstrap and other technologies from start to finish
- Designed custom WP themes
- Built custom WP plugins
- Translate both abstract and tactical requirements into finished designs.
- Facilitate and participate in discovery for digital experiences beginning with low fidelity concepts, storyboards and iterating to prototypes and high-fidelity end concepts maintaining a vision for the product throughout the process, and always keeping the customers' needs at the forefront

Remote Wordpress Developer

EntreCloud - Texas, USA

Jan 2009 - April 2011

- Built, manage and deployed professional websites with PHP/MySQL, Wordpress, Joomla, HTML/CSS, Bootstrap and other technologies from start to finish
- Managed Cloud Virtual Private Servers
- Setup Wordpress sites using EasyEngine and WPEngine
- Built custom WP themes and plugins
